a dream come true

Over the years, **E**mporio **W**ines has been developing its own brands, always focusing on market trends and product quality. For a long time, we dreamt about making our own cava and after many years looking for the best quality price, our goal was achieved: a perfect cava which combines the traditions and a global interest. We are proud to introduce our organic and vegan cava:
“La Fábrica de Sueños”.

L

"La Fábrica De Sueños" is an **organic** cava, because we want to collaborate with the planet's health.

F

"La Fábrica De Sueños" is a **vegan** cava, because we know how many people care about animals.

D

"La Fábrica De Sueños" is a cava made under the **traditional** method, because tradition means a lot for us.

S

"La Fábrica De Sueños" because "In a **perfect** world, everyone would have a glass of cava every evening."

THE TECHNICAL SHEET

Winemaking	CLASSIC TRADITIONAL METHOD
Varietals	80% MACABEO 20% CHARDONNAY
Alcohol	11,5% BY VOLUME

This cava was born under the **sun** of Requena, an ancestral tradition in the cultivation of the vine for more than 2,000 years.
The **clayey** component of their lands gives a characteristic red colour to its soils, which thanks to the altitude and the **Mediterranean** climate, provides this cava with a very special complexity, freshness and **elegance**.

- **COLOUR**: pale yellow with greenish tones, bright, fine bubble and persistent foam
- **AROMA**: In the nose it displays intense aromas of pear and apple with notes of lime and white flowers.
- **PALATE**: In the mouth it is fresh, with a very well integrated acidity leaving a long and elegant floral taste.

THE MACABEO GRAPE GIVES THE BODY, FRUITNESS AND STRUCTURE. THE CHARDONNAY'S TOUCH GIVES THE ELEGANCE AND DELICACY.
